November 2017

Dear Parents / Carers

Thank you for your donations to the Governors' Fund - last year we received £10,728, which resulted in over £12,500 with Gift Aid.

If the full £60 was paid for all children at the school, this would raise £17,100, plus Gift Aid. This would allow the School to buy their wish list of resources to enhance the children's learning – the Governors have agreed to specifically support technology across the school, and this level of contributions would allow this as well as other resources and improvements. All the money received into the Governors' Fund in this academic year will be spent on the children in this academic year.

The important things we would like to use the Governors' Fund for this year are:

- To install into the Junior Hall a new Audio Visual system. The hall is used by all children every week and this year the KS1 and Reception nativity productions will be there. Class assemblies next term will also be in the junior hall. We need a projector for the Carol concert, nativities and for our assemblies. The sound system will include microphones and speakers.
- Buying a set of digital cameras that can be used by the children.
- Buying more laptops for children across the school and for Year 5.
- Contributing to Purple Mash, Oddizzi & Abacus' annual renewal licences. These programs are used across school. We are looking at programs to support children learning their times tables and common exception words.
- LEGO we-do. This will be used predominately with children in KS2 to help them build robots and write codes.

In the next academic year we have set our sights on a 3D printer as well as holographic / virtual world headsets that take children all around the world and give them experiences like exploring the pyramids from their desks or taking a walk with the Queen.

Parents are asked to contribute £60 per child per year to the Governors' Fund. This can be a one off payment or a monthly standing order. Some parents want to contribute more and for some parents they give what they can afford. If you haven't paid this year, it is certainly not too late – the easiest way is to set up a standing order – the details you will require for bank transfers and standing orders are:

Account Name: The Governing Body of Reigate Parish Church School

Account Number: 39026361 and Sort Code: 54-30-36

Reference: Please add your surname

Please remember to complete the forms, including the gift aid declaration if applicable, and return to Alex Foster, via the school office. The forms are attached to the email sending the Parish Post. If you have any queries regarding donations to the Governors' Fund then please contact Alex Foster, either via the School Office, or by e-mail on afoster393@gmail.com. Enquiries are always treated in strictest confidence.

Please support the Governors' Fund. Please make your payment today.
