### Privacy Notice for Governors

Updated Oct 2018

The categories of personal information that we collect, process, hold and share include:

- personal data (e.g. name, email address and telephone number)
- term of office information (such as start date and role)
- attendance information
- register of interests

School governors are also required to be Disclosure and Barring Service (DBS) checked in accordance with statutory regulations. This check necessitates the presentation of personal original documents that evidence identity and personal address details (usually to school office staff). However, these documents, or copies, are not retained or shared.

### Why we collect and use this information

We collect and use governor data in order to:

- publish statutorily required information about the governing body on the school website
- populate the National Governor Database (Department for Education) in accordance with statutory regulations
- circulate information to the governing body to enable them to undertake their role and functions
- enable the Local Authority/Babcock 4S to maintain a database of school governors facilitating appropriate information being communicated to them including the LA's statutory duty to provide access to governor development and training opportunities
- share Chair and Vice Chair contact information with Surrey County Council for use in an emergency

### The lawful basis on which we process this information

The lawful basis upon which we process pupil data are defined in:

- Article 6 of the EU General Data Protection Regulation
- The Education Act 1996 (<https://www.gov.uk/education/data-collection-and-censuses-for-schools>)

### Collecting this information

Whilst most information governors provide is mandatory, some is provided to us on a voluntary basis e.g. your mobile telephone number or postal address. This facilitates effective governance communication and is in accordance with the governing body's code of conduct.

In order to comply with data protection legislation, we will inform you whether you are required to provide certain governor information to us or if you have a choice in this.

### **Storing this information**

We will hold data for all individuals who are currently governors of the school and for each governor who has served at any point during the last 12 months.

It should be noted that governors' names appearing on public copies of governing body meeting minutes are regarded as a permanent record and as such will always be available to inspect.

### **Who we share this information with**

We share this information with:

- Babcock 4S
- the Department for Education (DfE)
- Surrey County Council (The Local Authority)
- the Diocese (where applicable)

We only share governors' information that the law and our policies require us to.

### **Why we share governor information**

#### DfE

The lawful basis on which we collect and share governors' personal data with the DfE is legal obligation: Section 538 of the Education Act 1996 facilitates the DfE collecting and processing personal data relating to those who are responsible for governance in schools. This is used to create a National Governor Database.

#### Babcock4S/Local Authority

The lawful basis on which we collect and share governors' personal data with Babcock 4S (on behalf of the Local Authority) is legal obligation. Section 22 of The Education Act 2002 places a duty on the LA to provide access to training for school governors and ensure they are provided with advice and guidance on how to discharge their role and responsibilities. A database is therefore maintained which facilitates communication between the authority (i.e. Babcock 4S) and individual governors. The LA also has various other statutory duties which, from time to time, will involve accessing the database.

### **Data collection requirements**

To find out more about the data collection requirements placed on us by the Department for Education (for example; via the school census) go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

## Requesting access to your personal data

Under data protection legislation, you have the right to request access to information about you that the school holds. To make a request for your personal information, please contact the School DPO:

Mike Shaw
